Create your look

MELAMINE

Kitchen cupboard doors and panels often cover the largest surface in your kitchen. To give your kitchen distinctive character, our **MELAMINE** range offers an extensive variety of colour and decorative finish options, including Texture, Matt, Ashgrain, Finegrain, Sheen and the new Woodmatt range.

Add interest and style by mixing options from **polytec**'s colour palette with **MELAMINE** surface finishes.

MELAMINE doors and panels are designed to complement **polytec**'s product range including new **BENCHTOPS** & laminate colours. Edging options include a 1mm Square Edge, Bevel Edge and the new Aluminium Finger Pull door range. A minimalist handle design, these doors create modern aesthetics with clean flowing, architectural lines.

polytec's **MELAMINE** doors and panels deliver a quality appearance while retaining the practicality essential for the kitchen environment. **MELAMINE** doors and panels are durable, hygienic and made from low maintenance materials. Cleaning is generally as simple as wiping down the surface with warm, soapy water.

polytec makes it easy to continue your style throughout your home. **MELAMINE** doors and panels can be used in other joinery applications, from TV cabinets to bathroom vanities. Our range will complement and enhance any interior décor and allow the look you choose to flow from one room to another.

The new Woodmatt finish from **polytec** offers a subtle woodgrain embossing with an overall matt surface to look and feel like a true veneer, setting a benchmark in Australian made door and panel manufacturing.

polytec are market leaders in the manufacture of glossy surfaces. Our Sheen range combines a smooth stunning finish with a medium level of gloss and an affordable price tag.

Choose the Matt finish for a fine textured surface and the Texture finish to achieve a traditional medium textured surface. Mix and match your favourites to introduce modern colours with unique finishes to your kitchen design.

polytec MELAMINE doors and panels are Australian made and come with a 7 year warranty, giving you peace of mind.

GREEN

polytec is committed to an eco-friendly and sustainable environment. It is an intrinsic part of the way we do business daily. Our decisions are made so that they have minimum negative impact on the environment.

Our product is manufactured from managed and renewable plantation pine and is Australian Forestry Standard chain of custody certified. All **polytec** products are manufactured from E0 or E1 CUSTOMwood MDF.

We manage waste responsibly through numerous recycling programs including aluminium and metals, used oils and timber waste is recycled back into energy. We subscribe to local government environmental initiatives and voluntary audits as well as our own internal Energy and Carbon Management Policy (ECM), which aligns with the Australian Government's Energy Efficiency Opportunities (EEO) program.

polytec doors and benchtops are Australian Made & Owned.

CARE

Your **MELAMINE** doors and panels are made from a Moisture Resistant Medium Density Fibreboard (MR MDF), but as with many wood based panels, they are not waterproof. Care should be taken to wipe up spills immediately, ensuring the doors are not exposed to high or continuous levels of moisture, steam and humidity.

MELAMINE doors and panels should be cleaned by wiping down with a white damp soft cloth and warm soapy water. For more stubborn stains use a mild household cleaning spray. Always ensure you refer to the recommendations provided by the manufacturer of the cleaning product before use.

By following these simple steps you should retain a beautiful kitchen surface for many years.

OUTSIDE COVER: Overhead cupboard doors in **MELAMINE** Jamaican Walnut Matt.
Doors and drawers in **RAVINE** Black Wenge.

INSIDE COVER: Overhead cupboard doors in **MELAMINE** Jamaican Walnut Matt.
Doors and drawers in **RAVINE** Black Wenge.

Visit www.polytec.com.au for specific care and cleaning information. Darker colours will show superficial wear and tear more readily than lighter coloured surfaces and require more care and maintenance.

The colours and details shown in this brochure are to the highest standards in printing. However, they should only be used as an indication of actual product colour. To order your free colour sample visit www.polytec.com.au. **polytec** swatches and samples represent a small area of the overall colour structure, to view the large colour sample, visit www.polytec.com.au. The use of our current colour samples gives the colour and finish that a customer would expect to receive. **polytec** does not guarantee exact colour matches across product ranges due to colour variation in each product group.
